ДЖОЙНТ

April 24, 1923

Moscow-New York
No. 284

Jmn
From: Headquarters, American Jewish JDC, Moscow,
To: Joint Distribution Committee, New York,
Attention- Landsmanschaft and Publicity Departments.
Subject: Vinograd, Kiev Gubernia

We have no doubt that Dr. Bogen has explained to you that we are making a special effort to procure complete information on individual towns, which should be of assistance to you in inducing landsmanschaften in America to raise money for their towns in Russia. Our representative in Kiev, Mr. Kowalsky, has been particularly active in sending us the information asked for. Below we give you a short report on the above town, which has just come to hand:

Vinograd is a small town in Kiev Gubernia, situated 35 versts from Zvenigorodka. The following figures give a clear picture of the reduction of the Jewish population, which has been plundered and driven from point to point, succumbing to disease and brutal pogroms, during which 130 Jews were murdered.

	<u>General Population</u>	<u>Jewish Population</u>
Before the Pogroms	2300 families	800 families
After the Pogroms	2300 families	180 families

Before the pogroms took place there were 300 houses and 60 shops, but now there are only 100 houses and 5 shops. Among the Jews there are 60 artisans and 25 workers. At present there are 30 refugee families from Boyarka in Vinograd. The principal means of existence is that derived from earnings at the market. There are in Vinograd 4 steam mills, 2 oil pressing factories and one grits mill.

There is an ambulatory supervised by Dr. (Mrs.) Zdanevitch but as medical assistance is not given free the Jewish population hardly profits by this ambulatory.

During March of this year the JDC distributed 10 Food Packages, 25 shirts, 10 sweaters and 10 under-garments in Vinograd as individual relief.

OUTSTANDING NEEDS

1. To open a children's home for 100 children.
2. To open an ambulatory for the poor population.
3. To do something in the way of individual relief for about 40% of the population.

17005

BUDGET
FOR THE ORGANIZATION OF NEW INSTITUTIONS

	<u>One Time</u>	<u>Monthly</u>
1. <u>Children's Home for 100 Children</u>		
(a) Repair and equipment	\$500
