Sends two blankets to warm a friend, relative or needy family* in Europe

As Bedding: They are closely-woven and very warm. They will make sleeping in the unheated houses in these European countries this winter safer for people whose strength has been sapped by malnutrition.

AS CLOTHING: Several of America's top designers have converted these blankets into simple, smart clothing for men, women and children. They have made available to CARE instructions to aid non-professional Europeans to make this clothing, including coats, suits, skirts. These instructions will be available at CARE offices in Europe in the national language.

As Shirts, Leggings, other needed items: There is no limit to the uses a thrifty housewife can find for these blankets. Especially since CARE's blanket package provides the needles, and some thread and buttons to start these projects.

Give a CARE blanket package and you give a packaged guarantee that a family in Europe will be warm.

The CARE food package contains sufficient food for thirty complete meals. For \$10 you can send one to a friend, relative or needy family* in any of the CARE countries (see other side). For further information write CARE, 50 Broad St., N. Y. C.

CARE

Through CARE (Cooperative for American Remittances to Europe, Inc.) you can send a food or blanket package to a friend, relative or member of a designated group. It was formed by America's twenty-six leading voluntary agencies as a safe, non-profit channel for sending individual aid abroad. CARE is a person-to-person expression of America's concern for Europe. Our 26 member agencies each carry on a mass relief program in one or more European countries. For general relief, we commend our member agencies.

CARE will endeavor to deliver abroad, to the beneficiary named, the number of packages covered by this order and to return a receipt to the donor. If, at the end of 120 days after receipt of a remittance order by a CARE representative overseas, he is unable to locate the beneficiary, or delivery for any other reason is impossible, he will notify CARE in New York and the \$10 dollar payment price will be refunded to the donor. CARE cannot guarantee effect cancellation of any order prior to the expiration of the period referred to above.

The donor agrees that CARE may use any balance remaining after all costs and liabilities, for financing further operations and ultimately

for general relief and charitable purposes for the benefit of the various countries in which it has operated.

If CARE is requested by the beneficiary to arrange delivery through local postal facilities, an express company or other available services, CARE will assume no responsibility after the package is turned over to such service agency for delivery.

Where remittance orders are placed for general charitable distribution, for a needy family, or for the members of a general group, without individual specification, CARE is authorized, in consultation with local authorities, to designate within the conditions set by the donors needy beneficiaries to receive the packages ordered.
